# Break out of tool tunnel vision. Try new capabilities. Compare results.

The AI Tool Bingo Challenge is designed to help Scrum Masters and Agile Coaches explore a wider range of AI tools, understand their unique strengths, and discover new ways to enhance their practice.

## Bingo Challenge from Gemini:

### Gemini  [AI Tool]

I'm Gemini, a large language model trained by Google, designed to understand and generate human-like text, with a particular strength in synthesizing complex information and a built-in ability to run and analyze code.

| | | | | |
|---|---|---|---|---|
| **DeepSeek**: Write a professional email to a difficult client. | **Claude**: Write a short story (500 words) about a futuristic city. | **Perplexity**: Compare and contrast two historical events, citing sources. | **ChatGPT**: Summarize a 1000-word article into 3 key bullet points. | **Gemini**: Outline a 3-day travel itinerary for a specific city. |
| **Napkin.ai**: Brainstorm 10 unique product names for a new eco-friendly gadget. | **DeepSeek**: Create a week-long meal plan based on a specific dietary need (e.g., vegetarian, gluten-free). | **Claude**: Have a conversation as if it's a specific historical figure (e.g., Marie Curie). | **Perplexity**: Verify 3 factual claims from a recent news article. | **ChatGPT**: Expand a 1-sentence idea into a full, descriptive paragraph. |
| **Gemini**: Translate a complex paragraph into another language and critique the nuance. | **DeepSeek**: Generate a list of 5 creative writing prompts. | FREE SPACE! | **Claude**: Explain a complex scientific concept (e.g., quantum entanglement) for a 5-year-old. | **Perplexity**: Recommend resources for learning a new skill (e.g., advanced Excel). |
| **ChatGPT**: Experiment with different prompts to get the best creative output for a poem. | **Gemini**: Outline the steps for automating a repetitive personal or work task using common software. | **Napkin.ai**: Present a problem and ask it to reframe it from a different perspective. | **Claude**: Generate a poem with a specific rhyme scheme (e.g., AABB) and syllable count. | **DeepSeek**: Come up with 5 unique ideas for a themed party. |
| **Perplexity**: Find recent trends in AI ethics, citing key findings and sources. | **ChatGPT**: Draft a professional email for a specific, slightly tricky scenario. | **Gemini**: Begin an interactive story session with 5 turns of back-and-forth. | **Napkin.ai**: Generate 5 unique taglines for a fictional app that connects local artists. | **Claude**: Engage in a multi-turn Q&A session on a niche historical topic. |

The AI Tool Bingo Challenge is designed to help Scrum Masters and Agile Coaches explore a wider range of AI tools, understand their unique strengths, and discover new ways to enhance their practice.

## Bingo Challenge from DeepSeek:

### DeepSeek  `AI Tool`

I'm DeepSeek-V3, an AI that excels at deep knowledge retrieval, complex reasoning, and maintaining long-context conversations with a 128K token memory, all while offering free access to powerful research-grade capabilities.

| | | | | |
|---|---|---|---|---|
| **Claude**: Plan a detailed itinerary for a dream vacation to a country of your choice. | **ChatGPT**: Use its "memory" feature to have it remember your favorite hobby and suggest related activities. | **Perplexity**: Research a current scientific breakthrough and ask a follow-up question based on its sources. | **DeepSeek**: Have a philosophical debate on a topic like "the nature of creativity." | **Napkin**: Visualize the plot and character relationships of your favorite book or TV show. |
| **Claude**: Upload a news article and ask for a summary of the key points and different perspectives. | **ChatGPT**: Ask it to role-play as your favorite movie character and give you advice. | **Gemini**: Write a heartfelt poem for a specific occasion (birthday, anniversary, thank you). | **DeepSeek**: Challenge it with a classic riddle or logic puzzle and see if it can solve it. | **Perplexity**: Generate a list of the best-reviewed restaurants for a specific cuisine in a major city. |
| **Perplexity**: Use the "Focus" feature to find the latest reviews for a new tech gadget or film. | **Gemini**: Generate an image of a "cozy, futuristic library on Mars" or a similar detailed prompt. | **Napkin**: Map out your personal goals for the year and how they connect to each other. | FREE SPACE | **DeepSeek**: Ask it to explain a complex economic concept (like inflation) in simple terms. |
| **DeepSeek**: Paste the URL of a long blog post and ask for a concise summary of the core argument. | **Claude**: Refine an email or important message to make it more professional and persuasive. | **ChatGPT**: Use DALLE-3 to create an image of a "whimsical creature," then write a children's story about it. | **Gemini**: Learn about the history and cultural significance of a type of art, like jazz or impressionism. | **Napkin**: Create a visual timeline of the key events in a historical period you're interested in. |
| **Gemini**: Brainstorm a theme and a list of ideas for a party or family gathering. | **Claude**: Ask it to critique a short paragraph of your writing and suggest improvements for clarity and flow. | **Perplexity**: Use the "Ask a follow-up" feature to get a deeper explanation of a concept you just learned about. | **Napkin**: Diagram your family tree or the organizational structure of your company. | **ChatGPT**: Translate a recipe from another language and then adjust the portion sizes for your family. |

The AI Tool Bingo Challenge is designed to help Scrum Masters and Agile Coaches explore a wider range of AI tools, understand their unique strengths, and discover new ways to enhance their practice.

## Bingo Challenge from Perplexity:

### Perplexity  `AI Tool`

I'm Perplexity, an intelligent AI assistant designed to excel at gathering and synthesizing high-quality, up-to-date information through iterative research and multi-step reasoning to provide precise, expert answers tailored to user context and complexity.

| | | | | |
|---|---|---|---|---|
| **Gemini**: Summarize recent team emails | **Perplexity**: Find cited research on Scrum best practices | **ChatGPT**: Write a LinkedIn post for an agile milestone | **Claude**: Rewrite a difficult stakeholder message for empathy | **Napkin.ai**: Visualize your current sprint backlog as a Kanban board |
| **DeepSeek**: Explain "empirical process control" simply | **Perplexity**: Compare two articles on agile retrospectives | **Gemini**: Brainstorm retrospective themes | **ChatGPT**: Draft a "sticky scenario" email for a tough team issue | **Napkin.ai**: Create a flowchart mapping the steps of your daily standup |
| **ChatGPT**: Generate a backlog refinement checklist | **Gemini**: Outline automation steps for a repetitive practice | FREE SPACE | **Perplexity**: Research trends in agile project management apps | **Napkin.ai**: Turn your team charter notes into a one-slide infographic |
| **Claude**: Pose and discuss an ethical dilemma in agile coaching | **DeepSeek**: Analyze sprint data for anomalies | **Perplexity**: Summarize research on servant leadership in agile | **Gemini**: Translate and critique an agile meeting summary | **Napkin.ai**: Map your Scrum Master personal goals for the year visually |
| **Perplexity**: List and cite best-reviewed agile PM tools for remote teams | **Claude**: Draft example user acceptance criteria | **ChatGPT**: Suggest creative engagement strategies for retros | **DeepSeek**: Host a philosophical debate on agile values | **Napkin.ai**: Diagram your team's current org structure or reporting lines |

## Bingo Challenge from ChatGPT:

### ChatGPT  `AI Tool`

I'm ChatGPT, designed to excel at structured reasoning, creative content generation, and multimodal collaboration (text, code, and images), making me uniquely effective for building frameworks, drafting at speed, and co-creating polished outputs compared to other AI tools.

| | | | | |
|---|---|---|---|---|
| **Claude**: Summarize a sprint review in 5 bullets | **ChatGPT**: Rewrite a backlog item using RACE | **Perplexity**: Fact-check an Agile claim with sources | **DeepSeek**: Visualize sprint metrics as a chart | **Napkin.ai**: Cluster retro stickies into themes |
| **Gemini**: Create an image for a sprint goal | **ChatGPT**: Draft a team charter in plain language | **Claude**: Write a stakeholder update draft | **Perplexity**: Compare Scrum vs Kanban practices | **DeepSeek**: Spot trends in a team's retro notes |
| **Napkin.ai**: Map insights into Now-Next-Later | **Gemini**: Suggest engaging retrospective activities | FREE: Try any new feature | **Claude**: Roleplay a difficult stakeholder | **ChatGPT**: Draft LinkedIn post about team wins |
| **Perplexity**: Gather 3 perspectives on WIP limits | **DeepSeek**: Analyze tone in team feedback | **Gemini**: Create a visual sprint summary | **Napkin.ai**: Group improvement actions | **Claude**: Draft acceptance criteria for a story |
| **ChatGPT**: Generate a workshop outline | **Claude**: Rewrite a message with more empathy | **Perplexity**: Track Agile news or trends | **Gemini**: Suggest ideas for team-building | **DeepSeek**: Build a timeline from meeting notes |
